PERSONAL STATEMENT

Motivated and adaptable 17-year-old studying BTEC Level 3 Computer Science at The Manchester College, with hands-on experience working on real government and business challenges. I bring strong analytical and communication skills, a genuine passion for technology, and a flexible, positive approach to any role I take on.

EDUCATION

The Manchester College | *BTEC Level 3 Extended Diploma — Computer Science* | September 2025 – Present

Currently in first year. Modules include networking, programming, and systems analysis.

Abraham Moss High School | *GCSEs* | 2020 – July 2025

English Language: 7 · English Literature: 7 · Mathematics: 5 · Combined Science: 7 & 6
Geography: 6 · Computer Science: 5 · Religious Studies: 7 · German: 3

WORK EXPERIENCE

Junior Consultant (Virtual) | *Sherpas — in partnership with HMRC & Accenture* | September – November 2025

- Worked as part of a young consultant team on real business and government challenges for HMRC
- Collaborated directly with Accenture professionals through live calls and structured project briefs
- Researched user problems, analysed data, and contributed to solutions using design thinking methods
- Presented findings and recommendations to mentors, developing professional communication and teamwork skills

Virtual Work Experience | *Computer Science Programme* | 2024 – 2025

- Assisted in building a website with a focus on accessibility, safety, and user-friendly design
- Collaborated with Microsoft to develop a functional mini-game in Minecraft using block-based and scripted logic
- Developed foundational coding skills in Python, SQL, and Pseudocode through guided projects
